

LT450PRO

4 Post 5 Tonne Hydraulic Hoist

HYDRAULIC HOIST FOR HEAVY-DUTY SERVICE AND ALIGNMENT WORK.

Ideal for:

Dealerships and busy workshops that need a heavy duty, quiet hoist for servicing and alignments. The LT450PRO delivers reliability backed by European design and build quality.

Features:

- › Homologated and certified according to the European Machinery Directive 2006/42/CE and Harmonized standard EN 1493:2010.
- › Magnetically operated, automatic platform locking system.
- › One button push to release locks and lower.
- › Innovative column design removes longitudinal welds, strengthening the structure.
- › Safety valve to prevent over loading the hydraulic system.
- › Special width between columns suitable for 3D alignments.
- › Motor equipped with thermal detector to prevent overheating.

OUR PROMISE:

100

ONE HUNDRED DAYS
100% SATISFACTION

If you are not 100% satisfied with your equipment, Treadway Equipped will repair, replace or refund the equipment free of charge within the first 100 days.

Safety & design

- › **No need for compressed air**
Quiet hoist that does not require compressed air to run

- › **Safety**
Maximum safety system against obstacles

- › **Safety**
Pre-stressed steel wires – high strength and low wear

- › **Safety**
Device allows wires to rest without load, increasing safety and minimising wear

- › **Electrical safety**
Electronically controlled locking system

- › **Safety**
Toe-trapping protection

Options

- › **Optional**
Tool support

- › **Optional**
Air and energy supply

- › **Optional**
Scissor jacking beam

- › **Optional**
Turning plates

- › **Optional**
Alignment platforms equipped with sliding rear platforms and adjustable recesses for front turning plates

- › **Optional**
Colour Customisation when purchased from the factory
