

LTMC5500

5.5 Tonne Professional Series Column Hoists

PERFECT FOR THE HEAVY TRANSPORT INDUSTRY.

Ideal for:

Heavy vehicle dealerships and commercial workshops that require a 4 or 6 lift point hoist capable of accommodating a wide range of wheel sizes.

Features:

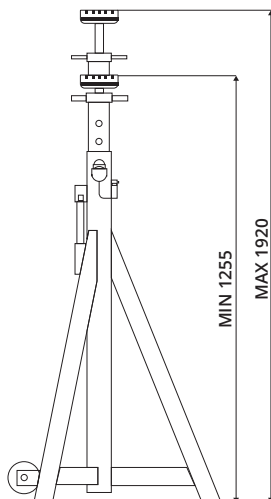

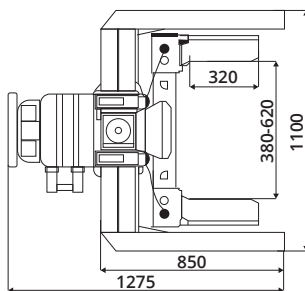

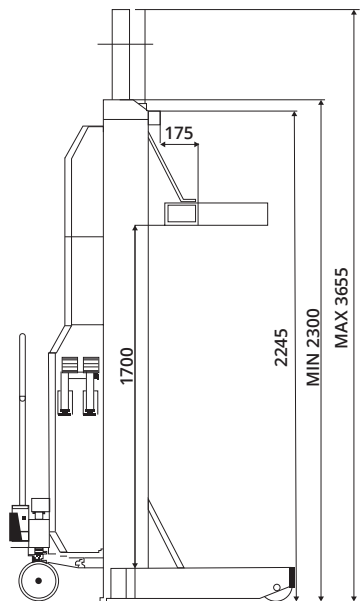

- › Electro hydraulic columns capable of supporting 5.5 tonne per column.
- › Adjustable wheel forks from 560mm to 1140mm.
- › Individual hydraulic wheel jack on each column making them quick and easy to position.
- › Columns can be operated individually or all together.
- › Safety system against obstacles.
- › Mechanical upper height limit stop to protect the piston travel.
- › Flow valve to control the lowering speed.
- › Safety valve against over pressure.
- › Homologated and certified according to the new European Machinery Directive 2006/42/CE and Harmonized standards EN 1493:2010.

If you are not 100% satisfied with your equipment, Treadway Equipped will repair, replace or refund the equipment free of charge within the first 100 days.
