

3 TONNE PORTABLE LIFT

SINGLE POST

The Steiner Portable Single Post Lift rolls smoothly across any flat surface and can be used indoors or outdoors. It is the perfect choice for any commercial service shop that needs to utilize less space.

Item no. LTSM3000

LTSM3000

STEINER™

3 TONNE SINGLE POST LIFT

Item no. LTSM3000

FEATURES

- › 3000kg lifting capacity, portable single post lift.
- › Max. Lifting height: 1971 mm.
- › Min. Height: 106 mm.
- › Self-lubricating UHMW Polyethylene sliders and a self-lubricating bronze bush.
- › High quality cylinders and power units are manufactured to high standards.

Portable wheels and floating design of rollers make it easy to move the lift. The floating rollers design make the base plate completely contact with ground when lifting with load.

A manual locking safety release device controls the double locks.

The chain protection cover prevents the chain from slipping off.

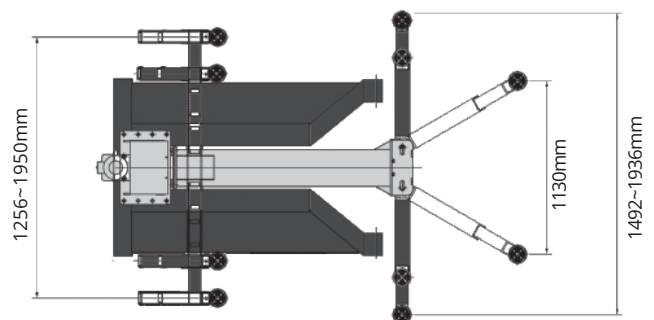

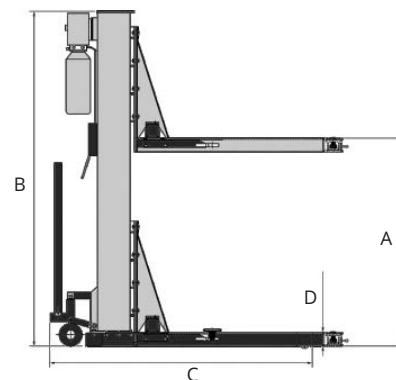

Arm locking device with manual release handles.

Automatic alarm tone when coming down from 300mm to ground.
